

EDP League Referee Guide to Team Check-In Procedures

- Each team must supply the referee with a printed match card that looks like page 2 of this document.
- The referee should verify each player on the match card vs. the player in attendance vs. their photo ID player card issued by the state.
- It is okay if a player is wearing a different number than the number shown on the roster. You must make note of the number change on your copy of the card.
- Handwritten player names on the match card are no longer allowed.
- Place a check mark in the check mark column if that player has been properly checked in.
- Any player with a line through their name is ineligible to play in the game.
- The roster card should be printed in a 72-hour timeframe before the game (note the “Printed At” Date on the top of the card.)
- Note that the website to report the score and a QR code to take you directly to the site is printed on the top of the match card
- If there is a controversial item, inform the team of the impropriety, but let the player play in the game and report to your assignor after the game.
